REGISTRATION OF LETTERS.

Since January, 1841, a system of registration has been in operation, applicable to all descriptions of letters.

Letters intended for registration must be paid in stamps, and presented at the Post-Office at least 30 minutes before the closing of the letter-box for the particular mail by which it is to be despatched.

The British registration fee is *6d.*, and must always be paid in money, and at the time of registration.

In the case of Foreign, Colonial, or Ship letters, registration extends to the port of despatch in the United Kingdom only.

Letters *addressed to France*, may be registered to their destination; and those *passing through France*, so long as they may remain in the French territory—the former on payment of double the French rate to place of destination, in addition to the British rate and British registration fee—and the latter on payment of the usual postage rate, and registration fee. The arrangements for carrying out the system of registration have been made with a view of insuring the punctual delivery of registered letters; on their delivery, the parties to whom they may have been addressed will be required to sign a receipt.

MONEY ORDER DEPARTMENT.

The Money Order Office, for granting and cashing Money Orders, is open from 9, A. M., till 6, P. M., every lawful day.

The commission for money orders being, for sums not exceeding £2, three-pence; for sums exceeding £2, and not exceeding £5, sixpence. No order can be granted for sums beyond £5.

LIFE ASSURANCE.

THE system adopted by this Company combines the principle of MUTUAL ASSURANCE, with the security of a large Subscribed Capital, and the support of nearly *Seven Hundred Partners*, of wealth and influence.

The Non-Participation Department embraces every description of Assurances on approved lives, at the lowest rates of premium consistent with safety.

The Participation Scheme was begun in 1840, and has been attended with eminent success. The first investigation was made as at 10th February, 1847, and the results were found so satisfactory that vested retrospective additions, at the rate of one and a quarter per cent., were made to all Policies then connected with the Scheme, together with contingent Prospective Additions, at the same rate, to such of these Policies, increased by vested Bonuses, as may become claims by death before next investigation, which is to take place at 10th February, 1852.

These Bonus additions will bear a most favourable comparison with those of any other Office, when the very moderate Premiums charged by this Company are kept in view; the rates of some of the most deservedly popular institutions being, in many instances (particularly for ages under forty), about ten per cent. higher. It should be observed, that the amounts payable in respect of Policies with Vested Additions, that may become claims before next Investigation, will be augmented in a very important degree by the Prospective Bonuses; and ample provision is made for these without any encroachment whatever on future profits.

Forms of Proposal, and every additional information, will be given on application at the Head Office in Aberdeen, or any of the Agencies of the Company in Great Britain and Ireland.

NO ENTRY MONEY IS CHARGED.
